

“Ship to Cross the Sea of Suffering”

April 28, 1281 (Age 60)

A passage from the Hosshi chapter reads, "If there is someone, whether man or woman, who secretly teaches to one person even a single phrase of the Lotus Sutra, let it be known that he is the envoy of the Buddha." This means that anyone who teaches others even a single phrase of the Lotus Sutra is clearly the Buddha's envoy, whether he be priest or nun, lay man or woman.
