

Gosho Passage of the Month

May 2021

An Offering of Steamed Cakes
(Mushimochi-gosho)

Jan. 5, 1281 (Age 60)

I have received your offerings of 100 steamed cakes and a basket of fruit. New Year's Day is the first day, the first month of the new year, and the beginning of the year and of spring. Therefore, those who cherish this day will amass virtues and will be loved by others, just as the moon becomes gradually full while traveling from west to east and the sun shines increasingly brighter as it moves from east to west.
